

Let's Build It Engineering!

Spring 2017

Covenant Christian School

STEM Learning

GRADES 1-6

HANDS ON

Let's Build It – Crazy Circuits! is an exhilarating, cutting-edge area of engineering. In this unit, students will design, build, and test various circuits and electronic projects. Instructors will guide students through core concepts of electrical engineering, introducing them to circuits and electrical components. Students will use hands-on projects and experiments to explore how electricity is part of our daily lives. No previous experience is necessary, just a desire to learn and build. Projects will include: a disc launcher, electronic games, musical instruments, alarms, and more, along with fun-filled class activities! Each student will receive an award on the last day of the session, as well as the opportunity to earn engineering belts to demonstrate their learned skills!

New this Spring!

6 Classes on Wednesdays, 3:45 PM – 4:45 PM.

April 5th – May 24th, 2017. No class 4/19 & 4/26.

If you would like to participate in this program, please fill out this form and turn it in to the school office.
